Sound Card: DirectX compatible soundcard or onboard chipset

English,French,Italian,German,Japanese,Korean,Polish,Russian,Simplified Chinese,Traditional Chinese

One of the easier characters and much like his Frieza saga counterpart his assist is good and he is a good rush down character (might be better than the other Vegetas) he's pretty easy to play too so if you suck at fighting games and mash buttons and spam auto combos (like me) then he's for you.
